

# VIMLESH KUMAR

## FULL-STACK DEVELOPER | AI/ML & DATA SCIENCE TRAINER | TECHNICAL MENTOR

Ballabgarh Faridabad, Haryana, India • Phone: 8076492601 • Email: vimleshkumar8076@gmail.com • [LinkedIn](#) • [GitHub](#) • [Portfolio](#)

### PROFESSIONAL SUMMARY

Full-Stack Developer, AI/ML & Data Science Trainer, and Technical Mentor with 6+ years of combined professional experience across software development, technical training, programming education, and emerging AI technologies. MCA-qualified with a strong BCA foundation. Experienced in delivering practical, project-based learning in Full-Stack Development, Python, Data Science, Artificial Intelligence, Machine Learning, databases, APIs, and modern development workflows. Strong at translating complex technical concepts into clear, industry-oriented learning experiences and mentoring learners toward projects, internships, jobs, freelancing, and professional growth.

### CORE EXPERTISE

Full-Stack Development • Python Development • Data Science • Artificial Intelligence • Machine Learning • Generative AI • REST APIs • SQL & Databases • Frontend & Backend Development • Project-Based Training • Technical Mentoring • Curriculum Development • Career & Interview Guidance • AI-Assisted Development

### PROFESSIONAL EXPERIENCE

#### LetsLearnCoding Institute | Full-Stack Developer & AI/ML / Data Science Trainer

2023 – Present

- Deliver professional, project-oriented training in Full-Stack Development, Python, Data Science, Artificial Intelligence, and Machine Learning.
- Design structured learning programs from beginner to advanced levels, combining concepts, live coding, assignments, projects, and assessments.
- Mentor learners in building practical web applications, data-analysis solutions, machine-learning models, and AI-powered applications.
- Guide students in programming logic, debugging, databases, APIs, project architecture, portfolios, internships, jobs, and freelancing.
- Evaluate emerging AI tools and development practices and incorporate relevant AI-assisted workflows into technical training.

#### Onetic CDC | Full-Stack Trainer / Technical Trainer

2022 – 2023

- Delivered hands-on training in Full-Stack Development, programming fundamentals, web technologies, databases, and application development.
- Conducted coding sessions, practical exercises, project mentoring, debugging support, and technical assessments.
- Helped learners develop problem-solving skills and prepare for entry-level software-development opportunities.

#### Shipease Pvt. Ltd. | Software / Technical Professional

2021 – 2022

- Worked in a professional technology environment supporting software and technical workflows.
- Applied programming, troubleshooting, collaboration, and problem-solving skills to practical business requirements.

#### Volance Infomatic Pvt. Ltd. | Software / Technical Professional

2020 – 2021

- Worked on technology-related assignments and software-development activities.
- Applied programming knowledge to practical technical requirements and gained professional exposure to software-development workflows.

### TECHNICAL SKILLS

|                   |                                                                                                                          |
|-------------------|--------------------------------------------------------------------------------------------------------------------------|
| Programming       | Python, JavaScript, HTML5, CSS3, SQL, C/C++, Java                                                                        |
| Web Development   | Frontend Development, Backend Development, Responsive Design, REST APIs, Authentication, API Integration                 |
| Data & AI         | NumPy, Pandas, Matplotlib, Data Cleaning, EDA, Data Visualization, Machine Learning, Predictive Analytics, Generative AI |
| Databases         | MySQL, SQL, Database Design, CRUD, Database Connectivity                                                                 |
| Tools & Practices | Git, GitHub, VS Code, Debugging, Code Review, AI-Assisted Programming, Prompt Engineering                                |

### EDUCATION

|     |                                        |             |
|-----|----------------------------------------|-------------|
| MCA | DAV Institute of Management, Faridabad | 2023 – 2025 |
| BCA | DAV Centenary College, Faridabad       | 2018 – 2021 |

### SELECTED PROJECT & TRAINING DOMAINS

Full-Stack Web Applications • Business/Student Management Systems • E-Commerce Applications • Authentication Systems • REST API Applications • Data Analysis & Visualization • Machine Learning Prediction Systems • AI-Based Applications • Python Automation • Portfolio & Freelancing Projects

## PROFESSIONAL STRENGTHS

Technical communication • Problem solving • Practical software development • Project-based teaching • Curriculum design • Mentoring & leadership • Industry-oriented training • Continuous technology learning • Interview and career guidance
